

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: January 17, 2007

Division: BOCC

Bulk Item: Yes ☐ No ☒

Department: Neugent – District 2

Staff Contact Person/Phone #:
Terri Marble X4512

AGENDA ITEM WORDING:

A request for a public workshop to gather input from the State Emergency Management, South Florida Regional Planning Council, the National Weather Service, Local Emergency Management and Municipalities regarding hurricane evacuation.

ITEM BACKGROUND:

To review present position of Monroe County and accepted model for evacuation purposes and clearance times using present methodology. Although a proposal for phased evacuation was brought before the Planning Commission and Board of County Commission, NEVER was input sought from Emergency Management and/or the National Weather Service. Presently the 18 mile stretch – Jewfish Creek Bridge is under construction and more than likely will not be finished during hurricane season of '07 – for reduced evacuation time based upon “local assumptions accepted as fact” is clearly an irresponsible acceptance on the part of the Department of Community Affairs.
